Naturopathic Declaration & Consent to Treatment

A Naturopathic Doctor (ND) will conduct a thorough case history and physical examination, and may utilize specific blood, urinary or other laboratory reports as part of your treatment work-up.

Statement of Acknowledgement

As a patient of Living Wellness Centre, I have read the information and understand that the form of medical care given is based on Naturopathic principles and practices. I recognize that even the gentlest therapies have potential complications in certain physiological conditions or in very young children or those on multiple medications.

The information I have provided is complete and inclusive of all heath concerns, including risk of pregnancy and all medications, including over-the-counter drugs.

The slight health risk of some Naturopathic treatments include but are not limited to: aggravation of pre-existing symptoms; allergic reaction to supplements or herbs; pain, fainting, bruising or injury from venipuncture or acupuncture; muscle strains and spasms.

I also recognize the following:

- Any treatment or advice provided to me as a patient of the clinic is not mutually exclusive from any treatment that I may now be receiving or may in the future receive from another healthcare provider licensed to practice in British Columbia.
- I understand that a record of my visits will be kept. This record will be kept confidential and will not be released without my consent. I understand that I may look at my medical records at any time and can request a copy of them.
- I am aware that I am responsible for payment at the time services are rendered.
- I am aware that 48 hours notice must be given for cancellation of an appointment or a cancellation fee may be applied.
- I understand that the ND reserves the right to determine which cases fall outside his/her scope of practice, in which event the appropriate referral will be recommended.

I also confirm that I have the ability to accept or reject this care of my own free will and choice, and that I am not an agent of any private, local, county, provincial or federal agencies to gather information without stating so. I accept full responsibility for any fees incurred during care and treatment.
